

November 2009 Demonstrator

Brent Bauer

Brent is a native of Indiana, and has been diving for over 30 years. He is a PADI Open Water Instructor and has dived the waters of the Caribbean and South Pacific.

Brent holds a Masters of Fine Art from the University of Michigan and has taught graduate level art courses in **Medical and Biological Illustration**.

Since first visiting Grand Cayman in 1979, Brent **has focused his undersea art on Cayman's profound undersea world. Working in oils, watercolors, and mixed media, Brent's goal is to create an original collection of undersea paintings that will capture the pageantry and realism of the undersea world.**

In Brent's undersea paintings, pillars of coral **replace mountains, rivers of sand replace winding streams, and schools of fish replace flocks of birds in these unique underseascapes.**

Brent is currently living and working in Phoenix, **and has recently produced numerous southwestern landscape paintings based on the beautiful scenery in this area.**

As an artist and diver in the undersea world, **he has opened a window into his divers unique eye view of a panorama of creatures and scenes the rest of us seldom have the pleasure to see.**
