

Member Tribute

Earlene S. Ford

Earlene S. Ford came to Arizona from Illinois where she was a high school art teacher. She was an active member in the Valley Artists League and after that organization disbanded she joined PAG in 1986.

Earlene has devoted many hours to the benefit of PAG: serving as publicity chairman, she diligently sent notices of our shows to newspapers, magazines, T,V. stations and radio stations. Attendance at our exhibits grew each show and sales were good as a result. Earlene also served many years as historian, took many photos and spent countless hours preparing scrapbook of our many activities. Health problems arrived and Earlene had to drop out of PAG but she is now BACK!; feeling better and eager to see her many friends. Earlene donated the beautiful costume jewelry that Larry has been selling at the Ways and Means table. Although she is unable to paint any longer due to macular degeneration, she is still an avid and enthusiast member. She loves visits and phone calls and loves to "talk art" with her friends. It's an honor to have you as a member. Welcome Back!
